

ASM Freight Forwarder List

The freight forwarders on the following list have been personally used by members of the Amazing Selling Machine and are great resources for importing products made outside of the country you will sell in.

We have no financial interest in them—they have simply proven to provide excellent services to our thousands of members.

Next Steps

Take the following steps after you have placed your order with your manufacturer:

1. Review the *Importing Guide & Checklist* provided by Ram International to help guide you through the importation process:
